

Faculty Advisory Council meeting
Minutes, May 29, 2012

Present: Nancy Courtney, Jose Diaz, Magda El-Sherbini, Dracine Hodges, Melanie Schlosser, Rocki Strader, Karla Strieb, Kathy Webb. Guest: Carol Diedrichs.

Carol discussed the gist of a discussion she had with the Dean of the College of Arts and Sciences about the remuneration for the information literacy classes that the Libraries teach for Arts and Sciences, and about the possibility and ramifications of an Information Studies minor to be administered and taught by the Libraries. She will report these issues at the June faculty meeting.

The Director's report will also include a follow-up on usage of THO 150 A/B and the need for a swing space for non-Thompson staff and faculty who need to be at Thompson for extended periods (e.g., between two or more meetings).

Melanie gave a brief progress report on the Open Access Resolution working group.
